Sir,

In reply to your Memo No. 2766 / Mis 398 dated 27th August 1895, asking for a report as to the necessity of a dispensary at Sakrapatna, I have the honor to enclose an extract of the Proceedings of the last Municipal meeting held at Sakrapatna and from which it will be seen that the members are extremely anxious to get a dispensary established there as early as possible. I am also of opinion that the want of a dispensary at Sakrapatna is very greatly felt, as apart from the village itself being very unhealthy, it is the centre of many other large villages besides being the great halting place for all travellers between

GOVERNMENT OF MADRAS

Proceedings of the Municipal Commissioners of the Sakrayapatna Municipality held on the 8th September 1895.

× × ×

II. Read Government official memo No 2766 dated 27th August 1895 requesting Mis 398 the opinion of the Deputy Commissioner on the proposal advanced for opening out a dispensary at Sakrayapatna which place has lately been constituted into a Municipality.

At the last meeting of the Board a resolution was passed that the opening out of a dispensary was absolutely necessary in this Town and the members are unanimously of opinion that a dispensary should be opened out at once, the cost being met from District and Provincial Funds as at Kadur, Yedahalli and Aluspur. With regard to a building a portion of

the old Sahib Cutcherry which is now vacant could be advantageously used as the Dispensary for the present and until funds are available for the construction of a new dispensary.

The present population of Sathiyapathy is 1,719 and there are 400 houses in the place. There are also several large villages surrounding and it is not convenient for the people to go to Gettur Kadim or Chithiyapathy for treatment, and hence Sathiyapathy is a healthy place needing constant medical supervision.

III Moved by Mr. Thambiah Duraiyah that Government be moved to sanction a midwife for Sathiyapathy.

Seconded by Mr. Kathiramatha Sabapathy.

The question of births was then referred to and it was found since 1st January 1895 there have been 36 births up to date only in Sathiyapathy. This is not [illegible]

the Midwife at Kadoma to attend to the wants of this place as well as the surrounding Villages of Bramba-Sammdra, Ankikwe, Banwa &c. Under the above circumstances all the members are of opinion that the services of a Midwife are indispensable and that one should be appointed Early, her Salary being met out of Local Funds as at Kadoma.
